

# Thank You

Dear JIMMYCASE Employees,

The staff at Ascencia would like to personally thank you for your recent and very generous donation of 100 face masks.

As a homeless services non-profit, access to personal protective equipment is one of our top priorities within operations. Your donation has ensured a safer environment for our staff and clients.

Your gift helps our Case Managers who are working tirelessly to provide housing and supportive services for our clients both onsite and in the field. Having breathable, durable (and I might add great looking!) masks help our Case Managers feel safe in the field as we work hard helping people overcome their homelessness. Thank you for your support.

Here's to you! Together, we are changing lives.

From,  
Rick White  
Director of Operations
